

CONFIDO TODAY

Issue 1 - 7/10/2017

A big warm welcome to Confido 2017 and our haunted house experience! It's been a busy weekend already with lots of fun and adventure taking place. Last night we had our spooky arrivals, giant party, cinema and silent disco!

FRIDAY NIGHT ROUND UP

Last night was a very important time here at Confido, not only did we welcome over 1200 people onto site, but we also set the scene for the weekend with our haunted video experience. You'll get to see part 2 of the trail if you join in with our haunted forest experience tonight.

Following arrivals, we had our giant welcome party, complete with a live band. This was a great chance for young people to bond and get to know each other whilst experiencing the great entertainment in a festival like setting.

For those who didn't fancy a big party, we had our Confido cinema experience up and running showing the latest in animated films both last night and tonight.

Explorers and Senior Section also had their own private silent disco which was a great success as always.

If you've got any feedback about last night, you can submit feedback via our app, or speak to our youth shape scouting team who will be in the main tent from around 9:30am.

WHATS COMING UP
